

Vehicle Health Check

This check sheet is designed to help the user ensure that the relevant vehicle is correctly and safely maintained. Any items which are found to need specific rectification would normally be best dealt with by a qualified technician. Safety critical items should always be rectified by a qualified technician. The responsibility for the provision of a safe vehicle and its safe use remains with the owner or driver. The operator's manual should be with the vehicle at all times.

Owner's Name:			
Job Ref No:		Engineer's Name:
